

Una

Table \

Convenient and functional table, ideal for common areas, office spaces or resident rooms. Wheelchair-accessible thanks to its overall height of 76 cm (74 cm clearance).

Wide choice of HPL colours for the table top and different epoxy colours for the metal base.

What makes the table Una so unique? \

- \ Sturdy steel frame
- \ Large range of sizes
- \ High clearance thanks to recessed rails

FRAME & LEGS

Steel frame and legs with recessed, hidden rails on four sides. The rails are fitted with mounting plates. Epoxy-coated with RAL colour according to colour collection. Fitted with plastic caps with adjustable feet, black PA.

TABLETOP

Tabletop type Laminated chipboard

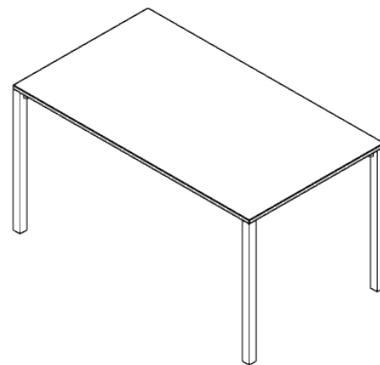

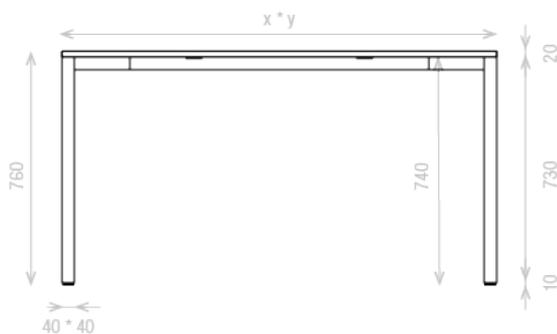

Tabletop thickness 20 mm

Tabletop structure HPL top surface. Chipboard core with white cover layer underneath. Matching edging in rounded ABS.

Corners 4 square corners with 2 mm radius

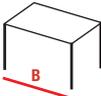

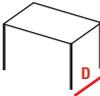

TABLE CONSTRUCTION

The table top is attached to the frame with screws. The frame is fitted with several mounting plates, each with 2 holes, so the screws clamp the table top to the frame.
