

Basic

Table \

Thanks to its composition and design, this table always radiates simplicity and calm, wherever it stands. Ideal in private rooms; 75cm high, with knee clearance of 73cm, making it welcoming to wheelchairs, a boon in the care sector.

What makes the Basic table so unique? \

- \ Budget-friendly
- \ Wheelchair accessible
- \ Contains no sharp edges
- \ Optimal space between the legs
- \ Ideal table for resident rooms

TABLETOP

Wide choice of HPL colours for the tabletop.

Tabletop type Laminated chipboard.

Tabletop thickness 20 mm.

Tabletop construction Top side in HPL. Core in chipboard with white cover underneath.. Matching edges in rounded ABS.

Corners 4 rounded corners, radius 40 mm.

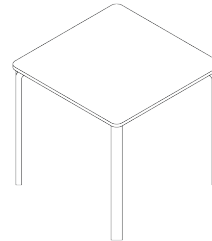

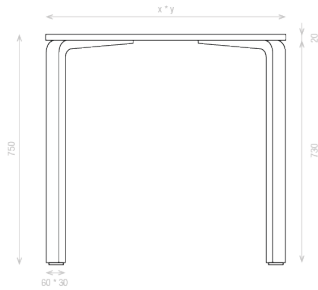

TABLE LEGS

Curved leg in laminated beech, stained (in a choice of colours) and varnished. Cross-section 60x30 mm, square corners. PE floor glides on the bottom.

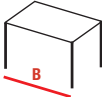

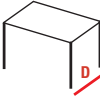

TABLE CONSTRUCTION

BASIC

The 4 legs are glued and fixed with 4 (invisible) screws to the tabletop. The legs are angled at the corners, leaving optimal space between the two legs. The angled shape of the leg makes the tabletop appear to float.
